

That we know nobody cares, but we've been so busy finding out how history is chronicled and newspapers are run, that we haven't had much opportunity to observe what has been going on in our own little niche of the world. At the state meeting of the California newspaper publishers association in Fresno last weekend, we had the pleasure of listening to the governor of this grand state when he delivered an informal talk at the dinner on Friday evening which is affectionately known as "family night" at convention. Mrs. Warren accompanied her husband and we all listened while he explained the reasons for the budget submitted to the state legislature last week in Sacramento. On Saturday afternoon we had occasion to take a drive north of Fresno on highway 99 about forty miles. We remember when we lived in San Joaquin valley during the war that this valley "bottleneck" caused more deaths on the highway than practically any other section in the state. We can see that Governor Warren's logic in spending money to improve the highways and thus cut down on the number of deaths (which has actually been proved in road improvement) is not without foundation.

That Hubba, Hubba! Frankie Laine sang to the assembled guests and so impressed the staid old members of the fourth estate and the honored state official guests that he almost stole the show!

That the luncheon on Saturday provided a speaker with one of the most inspiring talks which it has been our privilege to hear recently. From a San Francisco daily, he humorously pointed out that it has been so long a time since an editor has been shot at! Not in his extra-curricular activities, but in line of duty. Stating that editorial opinion should reflect the activities of the local community, he felt that too many editors were lobbing cannon balls over the rim of the hills and not shooting for targets that might bring criticism close to home. Highlighting his remarks was the observation that in public service lies the destiny of the newspaper, and that it is hard to kill one that is fighting.

That the fire to which the local volunteer department was called on Monday was not so disastrous in itself. Grass caught fire and burned up to a telephone pole, firing it also, just east of Walker on Crescent street. However, W. J. McCoid suffered two broken fingers on the run.

#### NEW CHURCH

The Reverend Clarence G. Eigenhuis, pastor of the new Faith Tabernacle (Assemblies of God) at 5381 Lincoln avenue, has announced that the church will open on Sunday, January 30. He also states that beginning with the service in the evening, a series of revival meetings will be inaugurated, with the Reverend D. R. Miller, of Kansas City, Missouri, in charge of the evangelistic services throughout the week.

The order of services announced as follows: Sunday school, 10 a. m.; morning worship, 11 a. m.; Christ's ambassadors, (young people's service) 6:30 p. m. and evangelistic service at 7:30 p. m.

#### WATER ELECTION TO BE HELD TUESDAY

District meetings have been held recently on the question of whether or not the project to buy water to dump in the Santa Ana river basin is desirable. The north boundary of the area runs along Orangeforpe road, including Stanton and Cypress, but cutting south along the eastern edge of Los Alamitos, excluding that town and Seal Beach.

This area is known as district number four, and the polling place is Magnolia school. The polls will be open from eight a. m. to six p. m., on Tuesday, February first. Job Denni is the director representing district number four.

## Week's Building Permits Issued In Orange County Show Cypress First

Cypress lead all unincorporated areas in Orange County the past week in building permit valuations with a total of \$26,250. Plans filed by A. E. (Pat) Arnold to build a four-story business building on Lincoln avenue at an estimated cost of \$12,000 aroused the most interest locally. Daniel Cole was granted a permit to build a home at 9541 Graman street to cost \$7250 and E. W. Mossey, a home at Bishop and Moody streets, \$7,000.

Arnold will build the structure at 5519 to 5525 Lincoln avenue. Construction will start immediately.

In addition, Paul Wetzel asked for an inspection on four more buildings to be moved from Bell to Cypress one to be set down on Lincoln avenue, and three on Gay street.

In an interview with Tom Wetzel, the information was given that improvements on all of the property owned by the brothers in the town's limits is being improved, which will add materially to the appearance of the premises.

Noticeable along Lincoln avenue are the changes which have been made at 5446 Lincoln avenue. A fenced enclosure and new paint features the transition.

#### PERMITS ELSEWHERE

Permits for the entire county's unincorporated areas totaled \$134,831 for the week, bringing the total so far this year to \$926,744 as compared with \$1,067,993 at this time in 1948. Costa Mesa was in second place for the week with \$23,980 but in first place for the year to date with \$46,004. Buena Park had \$3849; Stanton, \$7222; Garden Grove, \$4800; Westminster, \$4550; and Los Alamitos, \$2500.

Permits included: Buena Park—Eugene Hall, home at 7732 Emery St., \$3500; Howard Ehricks, home at 6302 Indiana Avenue, \$5000.

Stanton—John Reed, home at 8622 Lincoln Ave., \$7222.

Los Alamitos—Gregory Gaa and M. Pirot, addition to hardware at 10951 Los Alamitos Blvd., \$2500.

## Famous Cypress Landmark Is Offered For Sale

The administrator of the late Grace Wiley's zoo has heard from the heirs to the estate that it has been decided that the property is to be sold. There are a great many debts outstanding against Mrs. Wiley's property and personal effects.

The bids are being accepted by Preston Johnson of the Jergens Trust building in Long Beach on the property and the estate which belonged to Mrs. Wiley.

Not all the animals which are presently being cared for at the zoo belonged to her. In order to present a well-rounded exhibit, the collection includes other animals which have been moved in. These are not for sale, according to information received from Wesley Dickinson, operator of the zoo.

#### ALL STAR BASEBALL BENEFIT WILL BE SUNDAY

The double-header baseball game to be attended by a galaxy of Hollywood stars announced last week was postponed because of rain and will be played at La Palma park in Anaheim this Sunday.

Game time for the benefit staged by the VFW and Community Chest is 1:00 p. m. with tickets still available at the gate for those who did not buy in advance.

## Local "Mother" to Give Birth to Young

Mrs. Tiger Snake, recently of Australia, but presently a prominent resident at the Grace Wiley zoo, will headline the birth announcements this week. Adding to the snake population, she will present her babies to the snake world.

This species is the most poisonous snake in the world. If the rattle snake, common to certain sections of the United States, had this snake's venom, it could kill 400 people with one bite. This graphic illustration gives a good idea as to the comparative potency of the venom.

The tiger snake has been known to give birth to as many as 109 young at one time. Wesley Dickinson, who has the responsibility of caring for the inhabitants of the local zoo, anticipated that there would be a dozen small ones.

## Endurance Flyers Plan New Flight

Endurance flyers Bill Barris and Dick Riedel have just completed plans for a new assault on the endurance record and have corrected the fault which caused failure of their last attempt.

A flimsy heat box plate which allowed a stream of cold air to enter the carburetor, even with full carburetor heat on, prevented the heat from melting the ice.

By installing a heavier and a different type plate along with a baffle to break the incoming air stream, engineers prevented the cold air from reaching the carburetor with the heat turned on and solved the problem.

Final tests that were completed Saturday afternoon, showed that with the same load of ice in the carburetor which forced the flyers to land, the new system would restore full power within 15 seconds after it was turned on.

Upon arrival of a new engine from the Continental Motor Corporation, the pilots and their ground crew will embark upon a cross-country flight to Miami, Fla. and back in an effort to test the new heat box. The ground crew will be flown along with the pilots in a similar-type plane as that used by the pilots and upon reaching a refueling station, will land and refuel the Sunkist Lady from a fleet of Willys Jeeps supplied by the Willys Automobile Company.

Both the pilots and the ground crew will remain overnight at each of the refueling stations and then proceed during the day. A list of 14 refueling stations along the route is being compiled.

Purpose of the trip is to test the new heat box under actual endurance flight conditions.

Upon their return, arrangements with local firms regarding financing the next assault on the record will be completed and a new flight date announced.

#### MARRIAGE LICENSE ISSUED

A license to wed was issued recently in the Santa Ana office to Michio Tanaka, of Cypress and Jean Asako Shimazu, of Santa Ana.

## OUR DEMOCRACY—by Mat

"PROCLAIM LIBERTY TO ALL THE LAND  
—UNTO ALL THE INHABITANTS THEREOF."  
—ENGRAVED ON THE LIBERTY BELL WHEN IT WAS FIRST CAST IN 1753.

THE HISTORY OF OUR COUNTRY HAS BEEN SHAPED BY  
THE LIBERTY-LOVING MEN AND WOMEN WHO CAME HERE —  
COURAGEOUSLY PULLING UP ROOTS AND ENDURING  
GREAT HARDSHIPS IN SEARCH OF FREEDOM.

DOWN THROUGH THE YEARS, OUR BELIEF IN LIBERTY  
AND OPPORTUNITY FOR ALL HAS BEEN CONSTANTLY  
REVITALIZED AS THE PEOPLE OF MANY NATIONS WHO  
HAVE MIGRATED TO AMERICA WITH THE COMMON  
PURPOSE OF SEEKING FREEDOM, HAVE ACCEPTED  
THEIR RESPONSIBILITIES AS CITIZENS OF  
OUR DEMOCRACY.

## Evening Junior College Begins Semester Feb. 7

Fullerton's Evening Junior college will begin work in its spring semester, February seventh, according to L. W. Wheatley, director. Conducted in the evenings in the buildings of Fullerton Union High school and Junior college, the college is completing its first semester with a large adult attendance.

Open to any person who wishes to employ his spare hours in working toward either college or high school credentials or learning a useful trade or pleasurable hobby, the evening junior college will offer courses in business education, shop, social science, mathematics, homemaking and arts and crafts.

"Additional courses will be offered in response to community interests," Wheatley said, "providing a sufficient number of enrollees is indicated and a suitable instructor can be obtained."

Registrations can be made during the week beginning January 31 by calling in person at the adult education office in the front corridor of the Fullerton Union High school building from one to ten p.m., Monday through Thursday or on Friday from 8 a.m. to 4:30 p.m. Registration fee is \$1 for those who are newly enrolling.

Copies of the college announcement are available at the adult education office or may be obtained by mailed request, Wheatley said.

## Watte Chosen

In a poll of business men for the "laughingest man" in town which was held by a reporter representing a newspaper in a neighboring city, Frank Watte was chosen by his friends. An ex-service man and garage proprietor in Los Alamitos, he has been elected president of the volunteer fire department.

## Yuma Wedding Cypress Couple

A wedding of interest locally took place in Yuma, Arizona, on January eighth, when Mary Edith Cartwright was married to Ernest Bouchard, of Cypress. Attending the couple was an uncle of the bride's, A. F. Metheny, of Holtville, California. The bride was becomingly attired in a pink tweed suit, with black accessories.

Mrs. Bouchard lived with her aunt, Mrs. Lessie Price, in Long Beach before her marriage. Bouchard is employed at the Fullerton Glass company, and the young couple will make their home on Watson street.

## Stanton Girl To Wed Soon

Mr. and Mrs. Pete Baldassarre of 10371 Stanton avenue, announce the engagement and approaching marriage of their daughter, Phyllis, to Willard Williams, son of Mr. and Mrs. J. F. Williams of Long Beach. Wedding plans are being made for March.

The bride-elect is a graduate of 10371 Stanton avenue, class of 1944, and has been employed at the Navy I Reserve Air base at Los Alamitos. Her fiancé received his education in the Colorado schools. He is a veteran of World War II, having served in the navy for two and a half years with active duty in the South Pacific waters.

## Five-Year-Old Has Party

Michael Brannan, with the help of little neighbor friends who were invited by his mother, celebrated being five years old with a party on Sunday afternoon, at the family residence at 5692 Lincoln avenue.

Guests included Barbara and Jean Wallace; Mrs. John de Polter and Carol and Sandy; Mrs. Carl Beason and Jimmie and Susie Mrs. George Costa and Ronnie, and his little brother Dickie.

Mrs. Leslie Brannan, the young celebrant's mother, served ice cream at refreshment time with the cake, which was a three-layer affair decorated in pink and yellow colors and containing the inscription, "happy birthday." Michael received many nice gifts, and each of the children who were guests received a party favor.

## FIRE DESTROYS HOME ON CARSON AVENUE

Friends of Mr. and Mrs. Ferdinand Konig, formerly of Cypress, will be interested to learn that they have sold their home in Westminster and are moving to Blythe where the climate will be more beneficial to Konig's health.

## Names Given Of Standing Committees; Hear Guests Speak At C of C Meeting

### Plan Mass Meet For Teen-Canteen

Permission has been granted for use of the Cypress elementary school auditorium on Tuesday evening, February first, at 7:30 o'clock, by the teen-agers of this community. Plans are underway to perfect the organization to correlate youth activities known as the "Teen-canteen."

All parents, as well as young people and those interested in the recreation of the community's youth, are invited to be present. The meeting will be conducted by the officers of the local group and will be under the direction of Herbert M. Mandel, of Artesia, who is assisting in Cypress to form an organization such as that sponsored by the Artesia Lion's club. Mandel is chairman of the youth activities committee there.

The meeting will be open to any who may wish to attend.

### Injured Saturday

Mrs. Julianna Martin and her five-year old daughter, Barbara Jean, both of 11122 Lexington avenue, were injured at 10:45 a. m. Saturday on Lexington avenue at Green street. Their car, and one operated by Joseph Frieda, of the naval air station, were involved in a collision.

### CLUB SURVEY SHOWS MANY WINTER SPORT FACILITIES IN AREA

With southern winter sports now rated excellent as a result of recent heavy snowfalls, the Outing Bureau of the Automobile Club of Southern California has released a quick roundup of snow sport facilities in the area.

Approximately 55 ski tows and 11 toboggan areas are now available in southern California, the survey showed.

Chair lifts ranging from 1200 to 2000 feet in length are operating daily at Mt. Waterman and Blue Ridge.

The Auto club report said rope tows are available, in the numbers indicated, at the following points: Independence (1), Big Pines (2), McGee (3), Mammoth Mountain (3), Crestview (2), June Lake (3), Leavine (1), and Conway Summit (1) in the Inyo-Mono areas.

Mt. Waterman (4), Snowcrest (3), Table Mountain (2), and Blue Ridge (2) in Angeles National Forest.

Snow Valley (7), Green Valley (3), Lake Arrowhead (1), Blue Jay (1), Upper Mill Creek (4), Lower Mill Creek (2), Big Bear (1), Lone Star (1), Moonridge (3) and Idyllwild (1) in San Bernardino National Forest.

### McFADDEN ASKS TAX RELIEF FOR CITRUS GROWERS

Income tax relief for citrus growers and other agriculturists who suffered crop losses in freezing temperatures of 1943 and the current month, was requested of the President and congress in a resolution offered by Supervisor Ralph J. McFadden, Placentia, and unanimously passed by the Orange county board of supervisors last Tuesday.

McFadden's resolution seeks emergency amendments to the U. S. International Revenue code, extending to five years the time allowed for "carrying back" economic loss of income for balancing against gains of preceding years. At present the revenue code permits a carryback of two years, after which, if the loss has not been fully adjusted, it can be carried forward two years in the future for further balancing. The resolution adopted Tuesday proposes a five-year carry back and forward.

Copies of the McFadden resolution are being forwarded to the White House, to U. S. Senators William Knowland and Sheridan Downey, and to Congressman John Phillips. Copies also will be sent supervisors of other citrus growing countries of the state, with the hope that they may pass similar resolutions, supporting the Orange county position. In addition, the resolution will be sent to Governor Earl Warren and Orange county's state legislators, Senator Clyde Watson, Assembly Speaker, Sam L. Collins and Assemblyman Earl Stanley.

### REPORTED ON WAR ASSETS ADMINISTRATION PROPERTY

What has happened to the billions of dollars worth of surplus property—ranging from women's girdles to a 640 acre island, from razor blades to a \$117,000,000 magnesium plant—which the War Assets Administration began returning to the peacetime economy two and one-half years ago?

The answer has been given by Robert B. Bradford, WAA Region 10 director for the three western states.

Of \$25 billions worth now disposed of nationally, \$1,800,000,000 in personal and real estate property have been disposed of in California, Arizona and Nevada with a return to the government of approximately \$350,000,000.

Several hundred millions in property were sold, transferred or donated to state agencies, countries, municipalities and school systems. California public bodies and school systems received \$166,025,000; Arizona, \$62,500,000; and Nevada, \$123,000,000.

"Universities and schools have particularly benefitted. Additional classroom space has been provided for more than 200,000 students in the west through the virtual donation by WAA of surplus buildings. WAA has been able to provide additional classroom space for 60,000 in northern California alone. An example has been Fresno State college which obtained from WAA, as a complete gift, 360 acres of land and 32 buildings to establish an agricultural school.

Similar examples could be given for Arizona and Nevada. Tons of technical equipment have been given to schools for the asking. Many communities in the three western states have benefited immeasurably by the donation of airports and other facilities," Bradford declared.

Real property still to be disposed of by WAA in Region 10 includes historical, picturesque Angel Island, 640 acre landmark in San Francisco Bay. It was offered on sealed bid sale to federal agencies, state and local governments and non-profit institutions with a deadline for the reception of bids of October 15, 1948. Two offers are still under consideration.

Offered by WAA at public auction about January 20, 1949, is the \$6,000,000 Goodyear Aircraft Corporation plant at Litchfield Park, Arizona, comprising 107 acres and 26 manufacturing buildings with a total area of 864,000 square feet.

Nationally, 25 billion dollars of surplus property has now been disposed of at a recovery to the government of approximately 25 per cent of original cost.

Three billions in surplus remain to be sold, leased, transferred or donated—with WAA scheduled to close its doors and turn over the remaining job to other agencies on February 28, 1949, through action of the eightieth congress.

## Record Set For State's Tourists For Last Year

The All Year Club, digging out from under a snowdrift, announced that motor arrivals into California set an all-time record in 1948. There were 2,744,480 motor arrivals which was 1.6 per cent more than 1947.

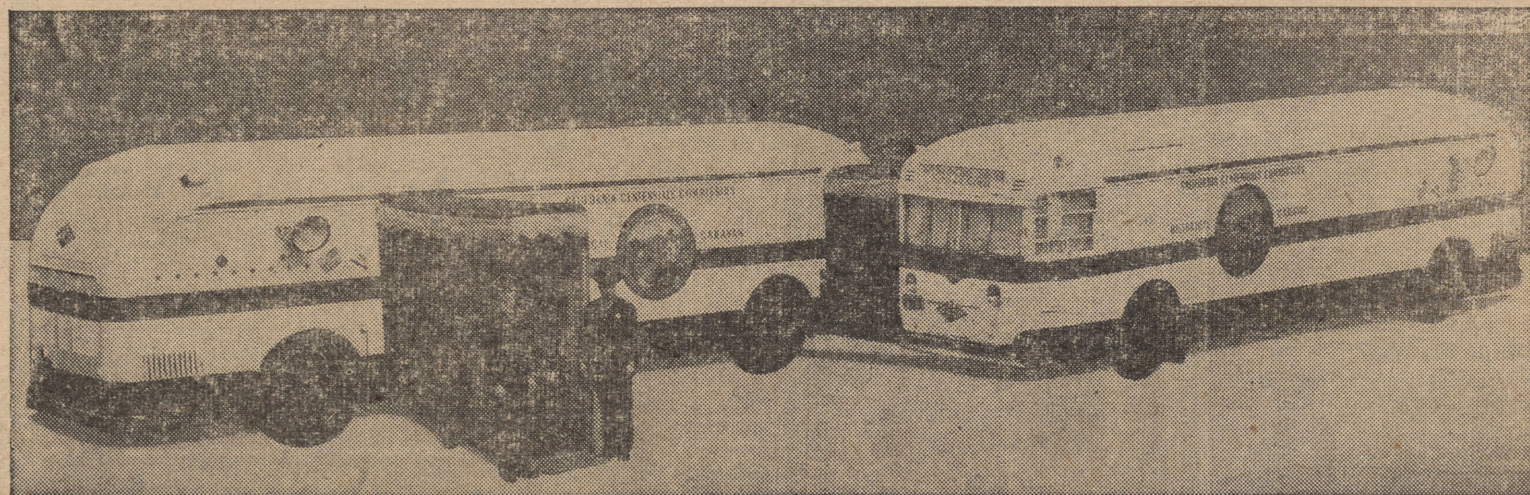

The Automobile Club of Southern California also quoted the above figure and reported that more out-of-state cars entered California during the past year than in any previous year in history. These figures top by 29,000 cars and 44,000 passengers the previous high influx marks set in 1947's peak travel year, the Club said.

However, spending though amounting to nearly half a billion dollars, did not set a record. Because of a decreased length of tourist stay, the money dropped off 2 per cent.

### CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the Enterprise, Anaheim 28215, with their information.

SUNDAY—JANUARY 30  
Church Services—All Churches.  
TUESDAY—FEBRUARY 1  
Cypress Baptist Woman's Missionary Society—2:30 P.M.—Church  
WEDNESDAY—FEBRUARY 2  
Cypress Lutheran Church Prayer Meeting—7:30 P.M.  
THURSDAY—FEBRUARY 3  
Cypress VFW Auxiliary—7:30 P.M.—Schoolhouse.  
Los Alamitos Chamber of Commerce—8:00 P.M.—Laurel School.

Here is the California Centennial Commission's historical caravan, a collection of priceless historical objects and documents which will begin a two-year, state-wide tour on February fourth. The two specially constructed, all-steel buses, soon to become a familiar sight in schools and communities throughout California, will launch its planned itinerary in Southern California with the opening appearance in Newhall. Ranging from a brass plate Sir Francis Drake placed on California's shores in 1579 to the gold spike that linked the first transcontinental state's destiny. Leading historians assembled these items to museums, libraries, official archives and private individuals from various parts of the country have contributed.

## FRONT AND CENTER, READERS

Two organizations in Cypress need the support and attention of residents at the present moment. There is a place for your interest in one or both, depending upon your age.

New members are being received into the Chamber of Commerce at a gratifying rate. However, the maximum membership which could be obtained in this group would amount to the total number of adults who make this area their home.

Of paramount interest to teen-agers at the present time is the movement toward an organization for the young people of this community. Parents and any adult interested in how these boys and girls of high school age spend their leisure time should give this project their fullest attention. If ever there was an opportunity to work together for the accomplishment of a useful goal, this would appear to be it.

Whether you are for, agin', or neutral on the affairs which are occurring in Cypress, you cannot be urged too strongly to be present at the meetings which are taking place in which matters which affect you are being discussed, and, in some instances, decided upon.

These public gatherings are being conducted in a highly efficient manner, and the problems are being discussed in an intelligent way. Take an active interest in what is going on, and get the information at its source, by attending any or all of these sessions.

## HAVE YOU REGISTERED? — DON'T FORGET!

Woe be unto him who appears on the highway after February fourth without '49 license tabs for his car.

The State Department of Motor Vehicles reports that the penalty to automobile owners for car taxes not paid before the deadline is 100 per cent of the registration fee and 50 per cent of the license fee.

Registration of automobiles is easier this year than ever before in California's history. Potential registration cards have been mailed out to all car owners on record, and the only requirement is that they be validated by payment of taxes due at the nearest office of the Motor Vehicle department. If a potential registration slip has not been received, motorists are instructed to notify the department immediately.

Have you registered yet? — Don't forget!

## ARE WE OVER-REACHING?

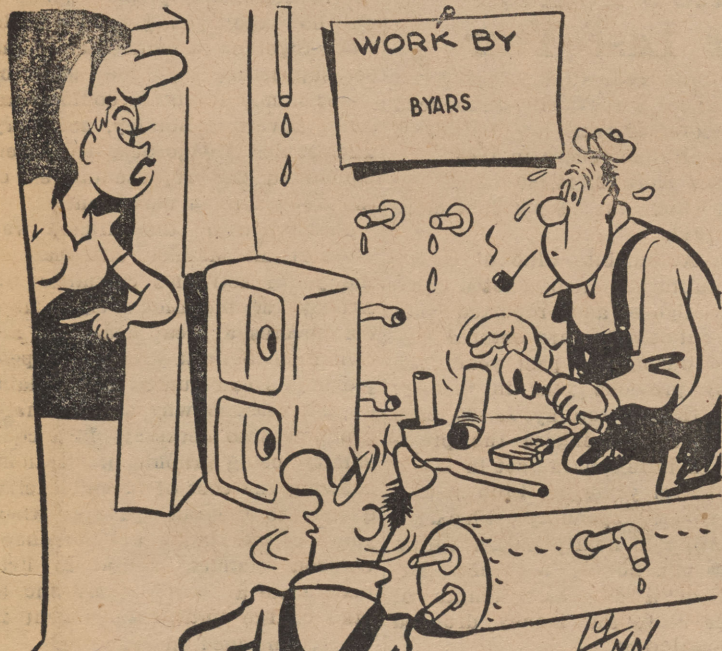

Advertising man Bruce Barton, who is also an author, editor and former Congressman, sounds a warning on America's attempt to "play Providence" to the rest of the world.

We can't do it, he says, and yet remain strong. Mr. Barton's line of reasoning is this: In our effort to solve the problems of other nations we are dangerously neglecting the problems which confront us here at home. We are hypnotized by our own wealth and power and are being led to believe that as the "most powerful nation in the world" we can successfully take care of the whole world.

We are in danger of spreading ourselves so thin, of attempting to do so much in so many places, that we may eventually go the way of other countries such as Greece, Rome, Spain, France and England in trying to bite off more than we can chew.

Our most potent weapon against Communism is not the atomic bomb; it is our American standard of living. Destroy that standard through too much giving on the outside and too much grasping on the inside and we destroy ourselves. The Kremlin could ask for nothing better.

Mr. Barton's analysis is thought provoking. It reminds us that we cannot save the world if we do not save ourselves, that we cannot make others prosperous by making ourselves poor. We would do well to weigh these facts now and be guided by them.

Oh, I forgot to tell you, the leak's in the bathroom.

We love our work. Turn us loose in your home and we'll fix every drip in the house — including the salesman at the front door. If it's peace of mind you want and plumbing that's plumb perfect, call 2244.

## CYPRESS PERSONALS

Clint Moore, the genial doughnut manufacturer who formerly owned the doughnut shop in Cypress, made a business call in town on Monday. Clint has recently joined the sales staff of a going concern and will spend his time in the Long Beach territory.

W. E. Beck, who is manager of the Richfield station at the corner of Lincoln avenue and Miller road, is announcing a free drawing on Friday night, April twenty-ninth, at which time many valuable prizes will be given away. This event will be a gala affair, with fun and entertainment for all. Beck and his son operate the station together.

Mrs. Mathilda Henning, of Saint John, Kansas, has been spending the last few weeks visiting members of her family in southern California. She is at present in Cypress at the home of her son-in-law and daughter, Mr. and Mrs. E. C. Corby.

John R. Manns, of Montpelier, North Dakota, is visiting for a few days in the home of his sister and brother-in-law, Mr. and Mrs. Earl Sartwell. He has been spending the winter with his daughter in Long Beach.

Dr. and Mrs. Reynold P. Desman have returned to Cypress from Ohio for a few weeks to take care of business matters. An hour after their arrival in the east before the holidays the doctor's father was stricken with a serious illness, which made an emergency operation necessary. The Desmans will be located in Ohio, where their children are staying with relatives until their return.

## I RISE TO REMARK

By John Phillips

This is written a few hours after the inauguration and the parade. Nothing like either one was ever seen before in Washington. Washington weather is historically bad, and only a Harry Truman would have a rabbit's foot sufficiently potent to challenge it. It rained Wednesday; this evening promises snow, but today dawned cool, and remained clear and sunny all day.

This was inaugural of a little man, and I say that respectfully. I hope we may never have another president with imperial illusions. Only in time will the people discover what I mean. Washington knows today. This president is from the people. He is liked on the Hill. It is his advisors, individuals or groups, who are questioned.

Let us say kindly of the speech that it will never rate with Lincoln's second inaugural address! It was as simple as the man who made it. It said we were a great nation; that we believed in freedom of the individual, and that nothing would change that belief. It said we would continue to feed and support the world. It said we were against sin! It was sincere. The comments around me in the stand, from members of both parties, were, "All this, for only four billions!"

The big argument on the Hill is who is responsible for the money spent on the inaugural, particularly on the stands. The Democrats say the Republicans made the plans and appropriated the money, expecting Governor Dewey and the Republicans say they certainly didn't plan anything like that. The main stand was built as if it were to be permanent, which perhaps was a good idea. You wouldn't want it to fall down with the Congress, the Ambassadors, the Cab-

## ANAHEIM PUBLIC LECTURE FORUM STARTS MONDAY

First of the spring series of Anaheim Public Forum lectures will be held Monday evening, January 31, in the high school auditorium, according to announcement of forum director Ralph Focht. Eagle Plume, an interpreter of American Indian life and culture, will open the series with a free lecture beginning at 7:30 p.m.

"Why People Act Like Savages" is the subject of the lecture, described as the story of the development of modern civilization, beginning with the stone age.

"Eagle Plume shows how all races have borrowed cultural elements from one another to develop what we now know as civilization," according to director Focht. Eagle Plume, an American of Indian descent, has made an intensive study of early peoples and civilizations. He is familiar with the culture of the American Indian and of other groups. Throughout the war he served in the South Pacific as an army scout.

Carl J. Sanders, Jr., received the nomination for the "laughingest man in town," when a Long Beach Press-Telegram reporter interviewed local business men. Sanders operates a service station on Lincoln avenue with his father, and is active with the Cypress Chamber of Commerce, the Volunteer fire department, and the Cypress V.F.W. post. This popular young business man and his wife and two children reside at 4782 Crescent street.

Floyd Hamblly, of Anacortes, Washington, recently returned home after visiting his brother Arden Hamblly and family in their home at 5386 Bishop street, since before Christmas.

## 100 THINGS YOU SHOULD KNOW ABOUT COMMUNISM-EDUCATION

This series of questions and answers is prepared for you by the Committee on Un-American Activities.

This week the series deals with the position you and your church would be in under Communism.

1. If Communism should come to the United States, could I belong to a church?  
You would have to choose at once between church and Communism. If you should choose the church, then prepare for persecution.

2. What would the Communists DO to the churches and synagogues?  
Take them over and put an end to the freedom now guaranteed by the Bill of Rights of the Constitution: Congress shall make NO law respecting an establishment of religion or prohibiting the free exercise thereof.

3. What does that mean, exactly?  
Just study for a minute these figures on the present size and nature of religion and its works in the USA:  
256 denominations  
255,000 churches and synagogues  
11,000,000 members  
162,000 Sunday Schools  
13,000 parochial schools  
690 colleges and schools of higher learning  
Libraries, radio stations, publishing houses for books, magazines and newspapers  
Charities, orphanages, hospitals, missionary forces  
Ladies' aids and auxiliaries, men's societies, young people's organizations, children's groups.  
These are what Communism would like to take over and destroy.

4. Would the Communists destroy the Bible?  
Every copy they could find. And they would jail anybody trying to print new copies.

5. Could I be married in the church?  
Not legally.

6. Could my funeral be held in the church?  
Not legally.

7. Could my child be baptised or christened in the church?  
At the risk of prison for parent and pastor.

8. Would my child go to Sunday school?  
Not only would Sunday school be illegal, but also your child would be taught to report you to the police for trying to send him.

9. How would my child learn his religion, then?  
Only through what you might tell him at home, to offset the positive atheism he would learn all week at the government school.

10. You mean the GOVERNMENT would teach him atheism?  
Yes. Here is the rule laid down by Nikolai Lenin, leader of the Communist revolution in Russia in 1917 and founder of the Red government now headed by Joseph Stalin:  
Down with religion! Long live atheism! The spread of atheist views is our chief task!  
That rule has not changed.

11. Could I give money to the church?  
Yes, if the Communist system would allow you any; but then most of it would go for staggeringly high taxes, rent, and other fees charged by the government to discourage church operations. Anything left could go to feed the preacher, who would be little better off than a beggar, anyhow.

12. Who would own the churches?  
Under Communism, churches and synagogues could no longer own their property, free, clear, and unencumbered, as they do in the United States today. Church property would become government property. Congregations could only use only such small rooms or buildings as the government might license to them on concession.

The fees and charges for this would be heavy and all use would be subject to strict Communist control, review and supervision.

## School News

Cypress Elementary School

## SCHOOL MOVIE

The featured movie for presentation this month in the school auditorium is "Keep Them Flying," with Abbott and Costello. The show starts at one o'clock Friday afternoon, and the admission is 15c. Those children who do not attend will be out at one and taken home by bus. The children staying will be taken home when the performance is over, between 2:30 and 3 o'clock.

The showing of the Abbott and Costello picture is for fourth, fifth, sixth, seventh and eighth grades. The primary grades have an entertainment for which there is no charge. Their pictures come from the office of the county superintendent of schools.

The shows will be held each fourth Friday of the month hereafter.

The "March of Dimes" drive for infantile paralysis is now in progress. Each child was given a card, and may give help through a contribution. It is well known in this area what the disease will do because of the terrifying time experienced last summer.

Scalloped potatoes  
Apricots  
Lettuce  
Bread and butter  
Milk  
Ice cream

## SCHOOL HOLIDAY

Orange county schools will be closed Monday, February 21 and Tuesday, February 22. This will result in a four-day holiday.

Dr. Mable Geddis, from the office of the county schools, will be in Cypress on Friday, February 11. She will give physical examinations at that time. Any mother who wishes to be present and have an examination made of her child may do so.

On Monday, February 14, the school's Valentine parties will be held. The upper grades, including fourth through the eighth, have their class parties in the afternoon. The P.T.A. will pay for the ice cream. All grades have boxes and will exchange Valentines.

The lower grades, consisting of kindergarten through third grade, will have their parties at Easter time.

Harvey Pennington has completed negotiations with an eastern firm which gives him an opportunity to continue in the Cypress area in a sales capacity.

Defective wiring was given as the cause of a fire in Hawaiian Gardens at eleven o'clock in the morning on a recent Thursday which resulted in an estimated \$900 damage to the garage and contents at the Joe Bean home, 12305 East Washington avenue, according to information given by the Artesia fire department.

## SLEEPY DRIVERS

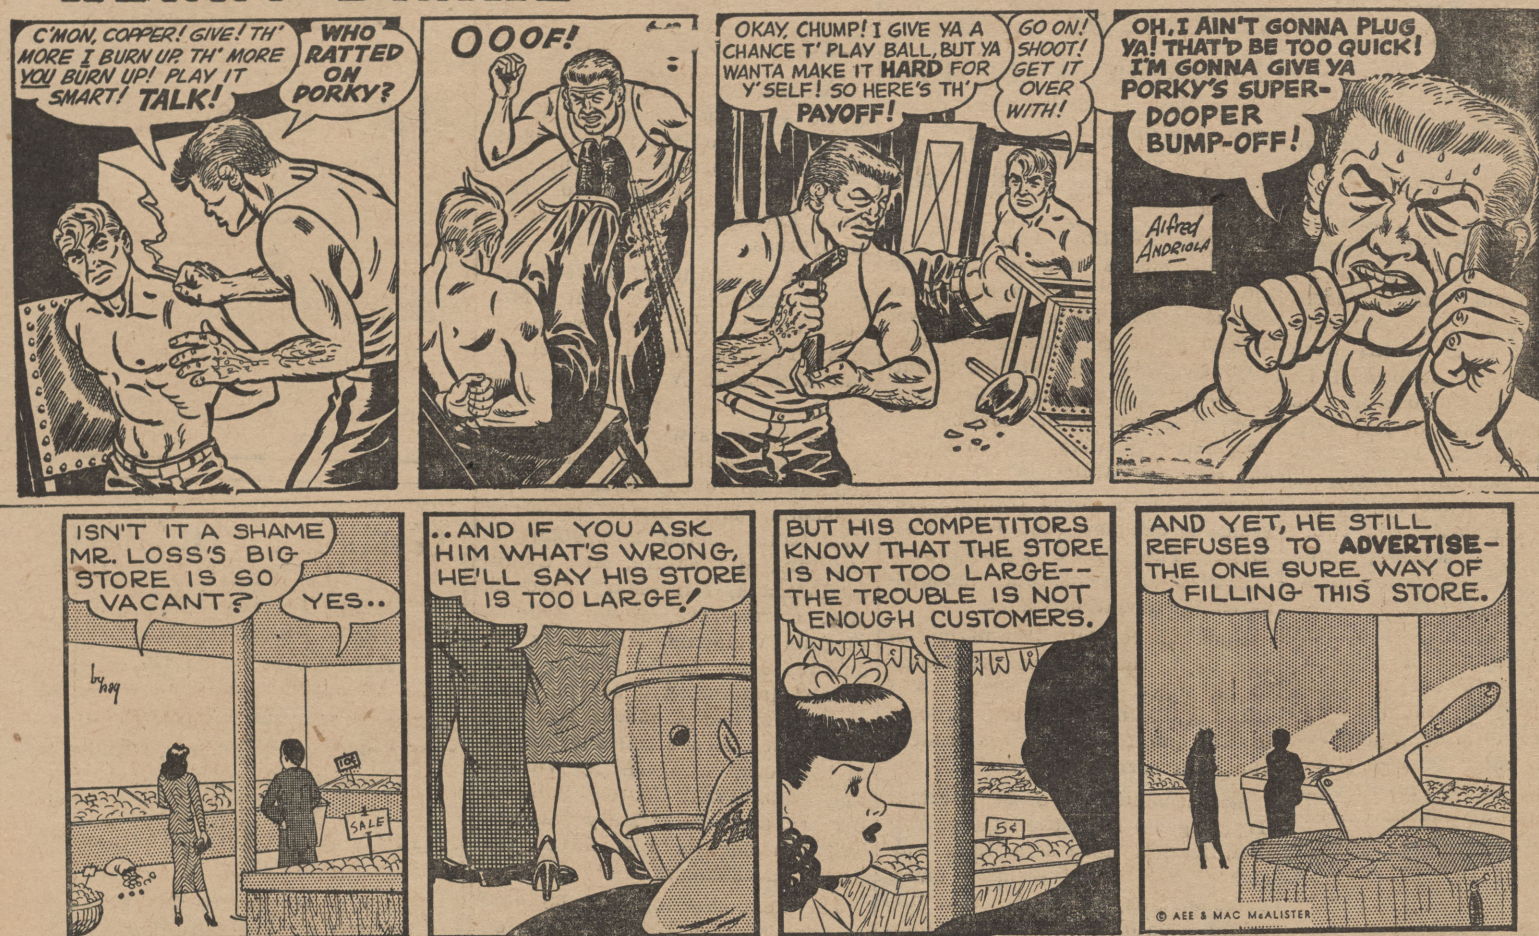

Falling asleep at the wheel is the reported cause of four out of every hundred fatal driving accidents, declares the National Automobile Club. The rate is undoubtedly much higher, for the driver is not always alive to tell the tale. Motorists who become sleepy while at the wheel should pull off the road, get out and walk around a bit, open up the windows and let some fresh air into the car, or even take a nap. Continuing to drive while drowsy is asking for trouble.

## CORRECTION

An error was made in the advertised price of nucoa in the Gregg's Super Market ad in last week's issue. The price should have been 29c per pound. The Enterprise is very sorry that this error occurred which placed the market in an embarrassing situation, and hereby apologizes for the mistake.

## Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 35348

Mrs. Frank J. Watte, Mr. and Mrs. Leslie Wells, Mr. and Mrs. W. D. Tidrick and daughter, Marion and William Bale of Los Angeles, spent Sunday afternoon with the Raymond Cue's. Later in the day they were visited by Mr. and Mrs. Harlan Tate.

Mrs. L. W. Webb and Randy spent several days at Corona with her mother. They reside at 3591 Howard street, Los Alamitos.

Mrs. William C. Poe, who has been suffering with a lingering illness, was returned to Magnolia hospital for further treatment.

Mr. and Mrs. John Brotherson from Long Beach, former Gordon Nebraska residents, spent Monday at the Ray Cue home.

Mrs. Cleo Ard, 3572 Howard street, left for a week-end in Oakland. She traveled by bus, and while there she took in San Francisco.

The local post office has made a decided advance over last year. The new post boxes are completely sold out.

The men of St. Isidore's parish attended the Holy Name breakfast held in the Biltmore Bowl. Preceding breakfast, the men attended St. Vibia's Cathedral in a group. One of the featured entertainers was screen singer and actor, Dennis Day.

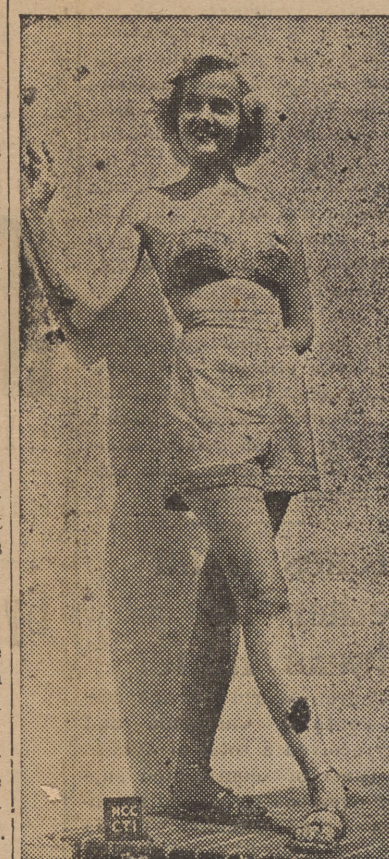

We have a very proud milkman delivering on our route. Driving for the Morning Call dairy, Bill Elliott let his customers know that he is the proud papa of an eight pound 9 1/2 ounce baby boy whose name is William Craig Elliott, Jr.

Troy Sorrells, a former Los Alamitos resident who went to work in Brady, Texas, has returned to his home town. He is staying with Edward Sorrell, his uncle.

Eddie Carter, owner of Carters Variety, has spent the past week in bed with influenza.

The Laurel school is having its monthly movie on Friday, January 28 at 7:30 p. m. The proceeds of these shows go into a fund for all student activities not covered by the regular school budget. The children will have a day show, and the donation is 30c for adults, and 15c for the children.

## VACATION SCENERY

Scenery like this is enough to make the stay-at-home just a bit envious of winter resort vacationers. This blonde vacationer wears a cotton cruise and resort ensemble designed by Stephanie Koret of California. The National Cotton Council reports that cotton is the favorite fabric for this season's sportswear.

## INSURANCE TAXES

DUE ON JAN. 31

Monday, January 31, is the deadline for filing state unemployment insurance taxes for the fourth quarter of 1948. R. C. Hiatt, auditor in charge of the Santa Ana audit district offices of the California Department of Employment, warned today.

"Failure to forward the tax and wage reports to the department by January 31 will result in interest and penalties being charged against the employer," Mr. Hiatt said.

## ARMY AND AIR FORCE

URGING ENLISTMENT

FOR ONE YEAR PERIOD

Eighteen year old men are constantly being urged to take advantage of this opportunity to enlist for the minimum tour of one year's army or air force duty.

Major John S. Muir, local army and air force recruiting head, stated that the army and air force hopes to enlist 110,000 of the teen agers during the current fiscal year.

This one year service period carries with it the condition that the soldier enlist in the active or organized reserve upon discharge. His reserve training, however, the Major stated, would in no way interfere with normal civilian life.

Any man who will not have reached his nineteenth birthday prior to the date of his enlistment is eligible. The Army and Air Force Recruiting station, 202 1/2 West Third street, Santa Ana, is open each week day including Saturday's from eight to five p. m.

## IN APPRECIATION

Mr. and Mrs. M. R. Gregg, of Gregg's Super Market, 5941 Lincoln avenue, and the manager of the meat department, R. H. Drage, wish to thank the many Cypress people who helped to make opening day a success beyond their anticipation.

Thanks also go to the friends who sent flowers. In the order of their arrival, they were from the following: Mr. and Mrs. Harding, Mr. and Mrs. Dan C. Norland, Mr. and Mrs. Clarence Norland and Mr. and Mrs. John Thomas, Hap Wilsey of the Wilsey dairy, Mrs. R. M. Buquay and the Beckley Ice Cream company.

More than 500 samples of fruit and nut varieties, unknown to California horticulture, have been imported from the Middle East for possible introduction here, by Dr. Harold P. Olmo, associate professor of viticulture at the University of California.

DRIVING VISIBILITY One out of five fatal traffic accidents occurs because of poor driving visibility, warns the Public Safety department of the National Automobile club. Rainy weather is here to blur your windshield and cloud the highway, so drive with special care and always keep your windshield clear.
